must be stated right here that there was tothing undignified about his attiwas willing to speak, but he didn't care enough about it to be made.

The blame for the contretemps properly lies with the people who brought him out under the impression that he was to talk to the convention when, in reality, other arrangements had been made.

when, in reality, other arrangements had been made.

Just a hint of the way the convention felt was given in the vote on a proposition from Colonel Hayes, who didn't seem to know when he was whipped, to have an official invitation sent to Senator Severidge to come right in and orate. Chairman Booth ruled that before this could be done it would be necessary to suspend the rules, but Colonel Hayes' motion along that line was voted down. A little later he did succeed in having passed a motion to invite Senator Beveridge, with Senators Clark and Warren of Wyoming, Governor Wells of Utah, Senator Kearns, Congressman Sutherhand and other notables to take seats on the stage. The distinguished party was cheered lustily when it appeared but every member of it sat like a piece of statuary as long as he remained in the building.

lustily when it appeared but every member of it sat like a piece of statuary as long as he remained in the building.

After everybody had finished pushing him around, Senator Kearns expressed himself as satisfied with the work of the convention. "We secured an endorsement of President Roosevelt," said he, "and we are piedged to support him for the nomination in 1904. It is true that the reciprocity plank failed of insertion in the platform, but the general endorsement practically carries that as well. The ticket selected is a first-class one in every respect and I will certainly do all I can'to see that it is successful at the poils in November."

The nominations were really of secondary importance, except to the candidates themselves. Both Judge McCarty and Senator Howell were nominated for supreme justice and congress, respectively, on the first ballot, as forecasted in The Herald of yesterday. The Kearns-Smoot-McCarty-Howell combine did all that was expected of it, and more. A really amazing frecumstance was the way Chief Devine's reputed strength fell away from him. It was noticeable that the chief defections were among the Mormon delegates.

### DEVINE BEATEN BY TRAITORS.

One man, a high Salt Lake City official, who was unqualifiedly pledged One man, a high Salt Lake City official, who was unqualifiedly pledged to Chief Devine, and who had taken part in the most secret Devine caucuses, not only left him without warning, but attempted to take other delegates over to Howell with him. This was true in several other cases, although none was quite as flagrant as this. It was charged by some of the Devine men that the Howell people offered, and in some instances, paid \$5 for proxies. Chief Devine himself refused to make any kind of statement. Howell got fewer votes from Utah county than he counted on, only thirty-four of that delegation aligning themselves with him, but it was asserted that he could have had fifty of the sixty-three Utah county votes if he had needed them in his business. Summit county was another disappointment to Devine. Where he had expected at least a majority of the eighteen votes he failed to land a single one on the showdown. As Senator Kearns held a Summit county proxy, the Devine people accuse him of as-

Judge Johnson took his defeat philosophically. "I will take off my coat and go to work for Judge McCarty," he said, "for I know he would have gone to work for me had the conditions been reversed."

Senator Howell and Judge McCarty were naturally happy over the vote of confidence from their fellow Republicans. Both said that they would make a vigorous campaign and that they expected to be elected.

The only important business transacted after the nominations were made was the election of a state central committee, details of which appear elsewhere. Later, the new committee met and, although Chairman Parley P. Christensen made a gallant fight to hold on, he was thrown out, and that busy little gentleman, County Commissioner James H. Anderson of Salt Lake, succeeded him. The selection of a secretary was left to the candidates, but The selection of a secretary was left to the candidates, was reported that Tom Pitt of Box Elder was slated for the place.
